## ADMISSION POLICY

Welcome to our trade exhibition! To ensure a productive and professional environment for all participants, we kindly ask that you adhere to the following admission policy:

AGE UNDER 16  
IS NOT ALLOWED

THE ORGANIZER RESERVES  
THE RIGHT TO REFUSE ENTRY

NON-TRANSFERABLE BADGES

NO PETS AND WEAPONS

BUSINESS ATTIRE

Thank you for your cooperation. We wish all attendees a successful and enjoyable experience.

Welcome to

## Philippine Poultry Show and ILDEX Philippines

Welcome to the second edition of the Philippine Poultry Show & ILDEX Philippines 2024. We are delighted to host you from August 28-30, 2024, at the SMX Convention Center in Manila for this pivotal event in the poultry and livestock industries.

As part of the VIV worldwide portfolio, ILDEX Philippines continues to be a leading platform for international trade, advancing the livestock industry in Asia. This year's exhibition has expanded by 30%, featuring over 200 global companies and attracting more than 8,000 trade visitors worldwide.

The livestock market in the Philippines is a key economic driver, with projected growth of 4.5% from 2024 to 2025. This event offers a strategic opportunity for international brands to tap into the growing demand for high-quality livestock products.

We are excited to showcase a dynamic lineup of global leaders and local brands, providing a comprehensive view of industry innovations. Our conference will feature insights from experts on cutting-edge strategies and technologies.

Special thanks to Deltaman, the organizer of the Philippine Poultry Show, for collaborating with us to make this edition a success. We also thank our exhibitors, association partners, media partners, and stakeholders for strengthening the ILDEX exhibition.

Join us for the Opening Ceremony on August 28 from 10:00 to 11:00 hrs and a networking event from 18:00 to 20:00 hrs. These gatherings are invaluable for building connections and fostering future collaborations.

Thank you for being part of ILDEX Philippines 2024. Together, let's pave the way for a brighter future in the poultry and livestock industries. Enjoy the exhibition!

**Ms. Panadda Kongma**  
Vice President-Business

Welcome to

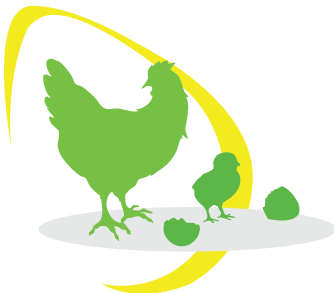

## Philippine Poultry Show and ILDEX Philippines

As challenges continue to beset the Philippine Poultry and Livestock Industry, being resilient has always been the best solution in hurdling these obstacles. ILDEX Philippines 2024, as the biggest and most comprehensive event of its kind in the Philippines to date and supported by the VNU global network, will surely benefit not only our farmers but the allied industries as well.

Let us all be united in our mission by strengthening the foundation that will provide food security to our countrymen through local farming.

Again, on behalf of The Philippine Poultry Show, I wish to thank our exhibitors for their continued support and the VNU group for their trust and confidence in making all these possible.

**Mr. Jose Gerardo T. Feliciano**  
Chairman, United Broiler Raisers Association  
Exhibit Chairman, The Philippine Poultry Show

Welcome to

## Philippine Poultry Show and ILDEX Philippines

A GRACE FILLED Exhibition!

Covid 19 and the War in Ukraine as well as Climate Change brought into highlight food production, food trade and food security.

Agricultural Exhibits like this may hopefully help in giving solutions to the concerns cited above. The drive for agricultural production efficiency toward sufficiency is showcased thru machineries and technology that are on display.

We hope that this exhibition will fulfill our theme.

MABUHAY ANG MGA MAGSASAKANG PILIPINO!

### Mr. Gregorio A. San Diego

Chairman, United Broiler Raisers Association  
And Philippine Egg Board Association

Welcome to

## Philippine Poultry Show and ILDEX Philippines

The 2024 Poultry Show and ILDEX Philippines play a pivotal role in the advancement and growth of the animal sector of our agriculture industry. This momentous event serves as a unique platform for industry professionals to exchange knowledge, discover the latest innovations, and network with peers.

This event gives the participants the opportunity to stay updated on cutting-edge technologies, research findings, and best practices that enhance productivity, animal welfare, and sustainability. Moreover, this event fosters collaboration and builds partnerships between businessmen and poultry enthusiasts that drive the industry forward through shared expertise and resources. Overall, this event is crucial for keeping the poultry, livestock and aquaculture industry competitive, sustainable, and responsive to our evolving market demands.

Congratulations to all organizers, exhibitors and attendees.

**Mr. Francis DR. Uyehara**  
President, The Philippine Eggboard Association, Inc.

## THE MOST ANTICIPATED POULTRY & LIVESTOCK EVENT OF THE YEAR

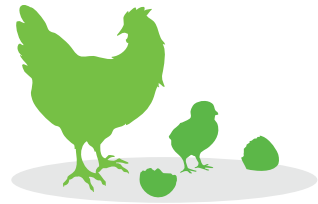

The United Broiler Raisers' Association and the Philippine Egg Board Association join forces with ILDEX as we put the country's poultry and livestock industry in the map of the world in The Philippine Poultry Show and ILDEX Philippines 2023.

The biggest and most reputable companies in the Philippines and all over the world will be there to showcase the latest technology, products, techniques, and more that will truly enrich the country's poultry, livestock, and dairy industries.

With more than 200 exhibitors within 6,000 square meters of space in the premiere events venue in the country, the SMX Convention Center, alongside more than 20 conference sessions, this event promises to bring your businesses to the next level.

# ASSOCIATION PROFILES

The United Broiler Raisers Association (UBRA) is a non-stock, non-profit association of mainly small- and medium- scale poultry producers. From a small group of producers hastily gathered in the midst of an immense crisis in late 1999 up to the 1st semester of 2000, it was formally established and registered with the Securities and Exchange Commission in July 2000.

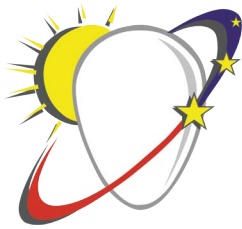

UBRA was an organized response to the threat not only of rampant smuggling, both outright and technical, but also the severe damage caused by legal imports entering our shores under the banner of free and liberalized trade. When the Philippines joined the World Trade Organization (WTO), our trade negotiators failed to consider the trade distorting effects of the heavy subsidies provided by governments to their agricultural sector. These subsidies enabled both the smuggling and the dumping of chicken products especially chicken leg quarters (CLQ). Considered then as cheap by-products in developed countries (i.e. white breast meat were preferred), CLQs aggravated the already unfair trade situation which almost caused the collapse of the whole poultry industry at that time. UBRA's actions against the threat together with the strong and timely support of the Department of Agriculture saved the industry from impending demise.

UBRA has a current nationwide membership of 44 mainly small-and-medium sized poultry operations. UBRA's goal is the promotion and advancement of the Philippine broiler industry. This goal is to be achieved through active linkage and lobbying with the Department of Agriculture, Department of Trade and Industry, Congress, and timely involvement and participation in national livestock activities, linkage and information exchange with other national and foreign associations and interests; continuous information dissemination to members on all matters affecting their businesses, planning and development of undertakings to support and enhance the members' operations; vigilance against threats to the local poultry industry; and all other activities to further promote and enhance the development of the poultry industry.

# ASSOCIATION PROFILES

## **Philippine Eggboard Association**

The Philippine Egg Board Association is an organization of egg farmers. Starting with a core group of 12 layer raisers, it was founded in 1998. Today, The Philippine Eggboard Producers Cooperative is one of the country's strongest farm organizations with the joining of egg farmers from Luzon, Visayas and Mindanao. The organization represents a combined layer population of more than 15 million birds nationwide.

### **The organization has set the following objectives:**

1. To promote a spirit of cooperation among egg farms.
2. To ensure the well being and welfare of egg farms all over the country.
3. To ensure supply of quality eggs for the benefit of both consumer and producers.
4. To stabilize the prices of eggs through product promotions and market developments.
5. To improve demand for table eggs through product promotion and market developments.
6. To strike a strategic cooperation with suppliers of major inputs.
7. To represent the member associations with government and its agencies for the promotion and development of the industry.
8. To keep the members well informed and provide means through which problems and solutions, current trends and other related information can be discussed and disseminated among the members.
9. To promote and maintain the highest level of bio security in the farms via veterinary, technical and other essential services.

### **Philippine layer industry**

- In 2022, the gross value of chicken egg production at current prices was recorded at PhP 87.09 billion. It exhibits an increase of 12.6 percent compared with the 2021 gross receipts at PhP 77.33 billion at current prices.
- Poultry layer farms employs more than 100,000 people and support various industries (corn farmers, feed manufactures, veterinary drugs and ingredient suppliers, distributors, retailer's equipment, manufacturers, haulers and truckers).

### **Challenges of Philippine egg industry**

1. Low capita consumption
2. Low farm gate price
3. High cost of production due to high cost of raw materials
4. High medication cost
5. AI and other diseases.

# ASSOCIATION PROFILES

## **Association of Veterinary and Agri Quality Assurance Laboratories in the Philippines Inc**

AVAQAL (Association of Veterinary and Agri Quality Assurance Laboratories Philippines Inc.) the one and only organized association of testing laboratories in the Philippines.

The association's objective is to harmonize test methods of analysis for veterinary drugs, animal feeds and feed ingredients to help the poultry and livestock industry in the Philippines. AVAQAL also helps in the food security and food sustainability through accurate and precise laboratory testing.

AVAQAL is fostering friendship with the government and private stakeholders. It is also the back-end support of all veterinary drug companies, feed millers, veterinary drug and feed additive importers.

# ASSOCIATION PROFILES

## Buacan Egg Farmers Association

BULACAN EGG PRODUCERS ASSOCIATION (BEPA) is the biggest and premier association of Egg Layer Farm Owners in Bulacan and Central Luzon, celebrating more than 25 years of unity, strong partnerships, and industry leadership. We foster a sense of family and unity within the organization. With the combined expertise of decades in the business, the group has endured numerous challenges and have weathered the storms throughout the years.

We welcome you to join our monthly meetings (twice a month), please get in touch with Wilbert at 09178878889 for our schedules. See you!

# ASSOCIATION PROFILES

## PHILIPPINE ASSOCIATION OF FEED MILLERS INC. (PAFMI)

### VISION

To be a trusted organization composed of full compliant members that promote safe and quality feeds to our stakeholders.

### MISSION

To be a partner in the development of strategies for food security of the country. To actively participate in the promulgation of government policies affecting the agricultural industry. To foster unified sourcing and procurement of quality agricultural inputs for feed milling.

### PAFMI HISTORY

On June 9, 1951, the growth of livestock raising formed as association as the Philippine Animal Feed Manufacturers, Inc. (PAFMI) consisting of six members, namely:

1. Fil. American now Vitarich Corporation
2. Araneta Institute of Agriculture (AIA) Feedmills, now RFM Corporation
3. Superior Feed Mills, Inc. now Virginia, Inc.
4. Philippine Feedmilling Co, Inc.
5. Far East Agricultural Supply
6. Halili Feedmills

On April 24, 1956, Phil. Animal Feeds became Philippine Association of Feed Millers, Inc. (PAFMI) with eleven members. Over the past seven decades and have now become a multi-billion peso enterprises, they have evolved into modern computerized feed plants and now serving not only Luzon but the whole Visayas and Mindanao. From 1990 the eleven members increase to 37 members up to 2022.

# ASSOCIATION PROFILES

## PHILIPPINE COLLEGE OF POULTRY PRACTITIONERS

### OUR MISSION

To contribute to the development of the poultry industry through the promotion of ethical poultry practice by providing an effective forum for the professional veterinary expertise.

### OUR VISION

The Philippine College of Poultry Practitioners, Inc. is an organization of poultry veterinarians that advocates the professional advancement of its members and is committed to the upliftment of the Philippine poultry industry.

# ASSOCIATION PROFILES

## Federation of Asian Veterinary Associations (FAVA)

The Federation of Asian Veterinary Associations (FAVA) is a regional organization that brings together veterinary associations from various Asian countries. It aims to promote animal health and welfare, public health, and the interests of the veterinary profession across Asia. FAVA facilitates collaboration, information exchange, and capacity-building among its member associations. It organizes conferences, workshops, and training programs to address veterinary issues and challenges specific to the Asian region. The organization also works to enhance the role of veterinarians in society and to contribute to sustainable development and food security in Asia.

First conceptualized in 1974 through the efforts of Philippine Veterinary Medical Association President, Dr. Teodulo M. Topacio, Jr., the 1st FAVA Congress was held in Manila in 1978 with six veterinary associations sending their country representatives: Taiwan, Indonesia, Japan, South Korea, Malaysia, and the Philippines. Since then, the association has grown to 24 member countries from across Asia, including Australia and New Zealand from Oceania and the United States of America.

### FAVA Membership:

1. AfVA – Afghanistan Veterinary Association
2. AVA – Australian Veterinary Association
3. AVMA – American Veterinary Medical Association
4. EVA – Emirates Veterinary Association
5. HKVA – Hong Kong Veterinary Association
6. IAAVR – Indian Association for the Advancement of Veterinary Research
7. IVA – Indian Veterinary Association
8. IVMA – Indonesia Veterinary Medical Association
9. JVMA – Japan Veterinary Medical Association
10. KVMA – Korean Veterinary Medical Association
11. MAVMA – Malaysian Veterinary Medical Association
12. MVMA – Mongolian Veterinary Medical Association
13. MVA – Myanmar Veterinary Association
14. NVA – Nepal Veterinary Association
15. NZVA – New Zealand Veterinary Medical Association
16. PVMA – Philippine Veterinary Medical Association
17. SVA – Singapore Veterinary Association
18. SLVA – Sri Lanka Veterinary Association
19. TLVA – Timor Leste Veterinary Association
20. TwVMA – Taiwan Veterinary Medical Association
21. TVA – Tajik Veterinary Association
22. TVMA – Thai Veterinary Medical Association under Royal Patronage
23. VVA – Vietnam Veterinary Association
24. VSB KR – The Veterinary Statutory Board of Kyrgyz Republic

### Affiliate/Associate Members:

1. Asian Society of Conservation Medicine (ASCM)
2. Wildlife Disease Association – Asia Pacific Section (WDA-AP)
3. VNU Asia Pacific

# ASSOCIATION PROFILES

## The Philippine Veterinary Drug and Nutrition Association

The Philippine Veterinary Drug and Nutrition Association is a recognized umbrella organization of major and local multi-national companies operating in the country as manufacturers, importers and distributors of vital animal health products and offering relevant professional services to all potential clients.

Established in 1960, the Philippine Veterinary Drug and Nutrition Association now renders service to a growing roster of proactive member firms that voluntarily joined the association through a letter of intent and by submission of requirements prescribed under the Philippine Veterinary Drug Association by-laws.

### Mission and Vision

“PVDNA is the vanguard of ethical industry leadership and professional integrity in the provision of safe veterinary and nutritional products towards food safety and animal welfare...”
